GigaMedia Preliminary 3Q13 Results: Revenues Up; Cost Cutting Continues

3Q Preliminary Results

- ***Revenues of approximately \$3.8 million, up 4 percent Q-o-Q.***
- ***Consolidated operating expenses of approximately \$6.6 million, including a non-cash impairment of \$3.1 million mainly related to a legacy game development project pursued by previous management. Excluding the non-cash impairment, consolidated operating expenses were approximately \$3.4 million, up 6 percent Q-o-Q, due to increased research and development expenses, which more than offset a decrease in general and administrative expenses.***

- ***Cash flow from operations was nearly neutral with a net outflow of approximately \$78 thousand.***
- ***Cash and marketable securities-current of approximately \$74.3 million, or approximately \$1.46 per share, up from \$73.0 million at the end of 2Q13; zero debt.***
