GigaMedia Announces Third-Quarter 2022 Financial Results

TAIPEI, Taiwan, October 28, 2022 – GigaMedia Limited (NASDAQ: GIGM) today announced its third-quarter 2022 unaudited financial results.

Comments from Management

In the third quarter of 2022, GigaMedia reported revenues of \$1.58 million, with a gross profit of \$0.95 million, an operating loss of \$0.67 million and a net loss of \$0.87 million. Total revenues increased by 15.6% if compared to last quarter, and gross profit margin improved to 60.3% from 56.8% last quarter.

The increase in revenues and improvement in the gross margin was challenging in such a difficult time when people in Taiwan, Hong Kong and elsewhere in the world are cutting entertainment spending as the possible global recession looms.

"In light of the economic downturn starting earlier this year, we have been carrying out a series of organization changes to preserve resources and streamline our operations," said GigaMedia CEO James Huang. "And we have managed to mitigate the impact and better prepared to deliver sustainable financial performance."

Third Quarter Overview

- Revenues increased by 15.6% quarter-on-quarter to approximately \$1.58 million from \$1.36 million last quarter. The increase was mainly due to our efforts in promoting during the summer vacation, *Tales Runner*, a licensed game we operate in Hong Kong.
- Consolidated loss from operations for the third quarter of 2022 amounted to \$0.67 million, representing a reduction of loss from \$0.84 million last quarter.
- The net asset value was around \$4.42 per share.

Unaudited Consolidated Financial Results

GigaMedia Limited is a diversified provider of digital entertainment services. GigaMedia's digital entertainment service business FunTown develops and operates a suite of digital entertainments in Taiwan and Hong Kong, with focus on mobile games and casual games.

Unaudited consolidated results of GigaMedia are summarized in the table below.

^(A) EBITDA (earnings before interest, taxes, depreciation, and amortization) is provided as a supplement to results provided in accordance with U.S. generally accepted accounting principles ("GAAP"). (See, "Use of Non-GAAP Measures," for more details.)

- Consolidated revenues for the third quarter of 2022 were \$1.58 million, representing an increase of 15.6% compared to \$1.36 million in the prior quarter, also increased by 0.7% year-over-year from \$1.56 million the same quarter last year.
- Consolidated gross profit increased by 22.6% quarter-on-quarter to \$0.95 million from \$0.77 million last quarter, or increased by 8.2% year-over-year from \$0.88 million in the third quarter last year.
- Consolidated loss from operation of the third quarter of 2022 was \$0.67 million, representing a decrease in loss by approximately \$0.17 million from last quarter.
- Consolidated net loss of the third quarter of 2022 was \$0.87 million compared to \$1.13 million in last quarter.
- Cash, cash equivalents and restricted cash at the end of the third quarter of 2022 was \$39.6 million.

Financial Position

GigaMedia maintained its solid financial position, with cash, cash equivalents and restricted cash amounting to \$39.6 million as of September 30, 2022, or \$3.58 per share.

Business Outlook

The following forward-looking statements reflect GigaMedia's expectations as of October 28, 2022. Given potential changes in economic conditions and consumer spending, the evolving nature of online games, and various other risk factors, including those discussed in the Company's 2021 Annual Report on Form 20-F filed with the U.S. Securities and Exchange Commission as referenced below, actual results may differ materially.

"The inflation and worsening consumer sentiment is indeed posing a challenge to our digital entertainment business," said GigaMedia CEO James Huang, "and we will focus on cultivating long-term customer loyalty and improving our productivity. While the economic outlook may look bleak for the coming quarters, I am confident we can weather the storm and emerge stronger."

In the meantime, the global economic woes may on the other hand exhibit good M&A chances for us, as potential targets may be available at bargain prices. Therefore, we will continue, very cautiously, seeking suitable strategic investment and acquisition targets for increasing corporate growth and maximizing shareholder value.

Use of Non-GAAP Measures

To supplement GigaMedia's consolidated financial statements presented in accordance with US GAAP, the Company uses the following measure defined as non-GAAP by the SEC: EBITDA. Management believes that EBITDA (earnings before interest, taxes, depreciation, and amortization) is a useful supplemental measure of performance because it excludes certain non-cash items such as depreciation and amortization and that EBITDA is a measure of performance used by some investors, equity analysts and others to make informed investment decisions. EBITDA is not a recognized earnings measure under GAAP and does not have a standardized meaning. Non-GAAP measures such as EBITDA should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for, or superior to, other financial measures prepared in accordance with GAAP. A limitation of using EBITDA is that it does not include all items that impact the company's net income for the period. Reconciliations to the GAAP equivalents of the non-GAAP financial measures are provided on the attached unaudited financial statements.
